

# MOVINCOOL 15SF

PORTABLE SPOT AIRCONDITIONING

## SPECIFICATIONS

Cooling capacity	4.5kW
Air flow - Evaporator	800m <sup>3</sup> /hr
Max operating temperature	45°C (50%RH)
Rating condition temperature	35°C (60%RH)
Refrigerant	R407C
Refrigerant charge	740gms
Power supply	240V
Power consumption	1.6/1.7kW
Current consumption	8.2A
Maximum cold duct length	2x2m
Noise level	64db
Weight	76kg
Dimensions (mm)	(W)490 x (D)650 x (H)1045

## SAFETY DEVICES

- Compressor overload relay
- Fan motor protection
- Anti-freeze thermostat
- Drain switch

**DENSO**

- ✓ Increase employee **comfort and productivity**
- ✓ Provide **supplementary cooling** when needed
- ✓ **Speed up production** by shortening material cool down time

- Rugged design for harsh environments - Ideal for all industrial and commercial applications
- Powerful 4.5kW cooling capability with efficient and low power consumption
- Flexible ducts to direct cold air to where it is needed
